Announcement No. 04/2025

IJmuiden, 8 January 2025

Subject: Placing buoys and measuring frames for blowdown flow measurements

The Director of the Central Nautical Management North Sea Canal Area, who is also the (State) Harbour Master, announces the following:

On 29 January 2025, illuminated buoys will be placed in the outer harbour of IJmuiden to mark current measuring frames.

These 8 pieces of measuring equipment are placed on the bottom near Buka 2, channel and outer harbor (ADCPs) for flow measurement for simulations of pilotage.

These measurements will take place from the end of January 2025 to mid-March 2025.

Planned extraction of the equipment and buoys is March 12, 2025.

Coordinates buoys and measuring equipment:
